Edit: 10/31/2020

I have not and will not look at the doc made by the other parties since 10/27. This doc was made 10/25/2020 and has not been touched since 10/26 till now. I honestly want nothing to do w/ anyone involved w/ this situation at all.

As to everyone else, I will not make a return to twitter or Youtube till I feel like I have learned how my actions that were transphobic, racist and ableist have/do affect people till this day.
I have no excuses nor will I excuse those actions.

.

As for the Zoo shit, I am still not a zoo and IDC how much you may say “I would respect you more if you just admitted you were one” and trying to get me to admit something that isn't true. I honestly do not care if the other party respects me. I do not need your “respect”.

On the topic of my past relationships, I can admit I was abusive at times. Why I didn't and still wont focus on the part of abuse or anything petty relating to art for the most part is because there are bigger fish to fry. I do not excuse how 14-18 year old me was in my relationships. They were shitty, as all parties were. I am working on that in my current friendships and relationship.

Like I said, I want nothing to do w/ any of the parties after this. I am actively researching ways to improve myself and I am open w/ my therapist about everything. I believe that's all I have to say currently on the matter. The doc below has not and still won't be touched. That's all. Stay safe -Avi

I will be explaining, defending, debunking and adding on the callout viewed below.
I’m making this bc i was falsely accused of being a zoo and stuff is also taken out of context.

DO NOT WITCHHUNT. I KNOW I CANT STOP YOU OR THEY CANT STOP OTHER PEOPLE.

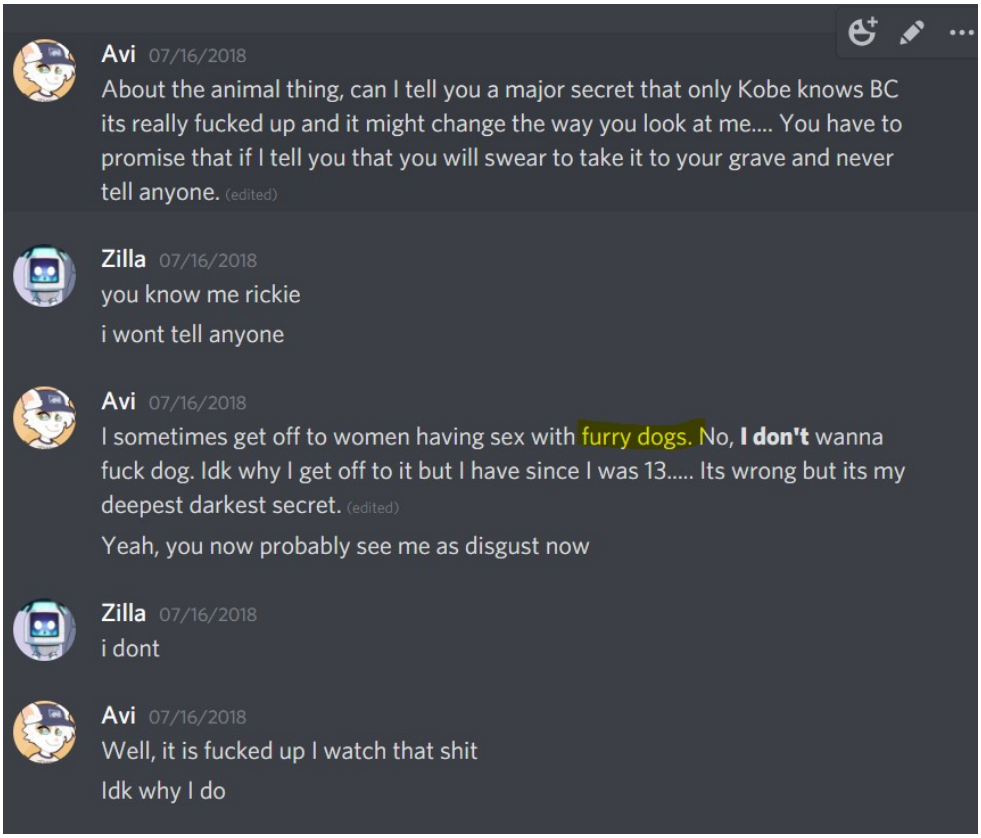
only time they provided ANY proof was in the section talking to/about Jojo.
Said claims are debunked further down.
BEWARE
TW; Zoophilia & Animal Abuse mentions.
(Proceed with caution!)
Rye 10/14/2017
one time i wanted to be fucked by a dog..... so lmao
i question myself on that all the time
But before the screenshot was provided, we had knowledge Rye had verbally
confessed this fantasy to Zilla.
Zilla Today at 2:52 PM
it was in a call, i don't exactly remember how it
came up but i remember her saying "she'd like to
fuck a dog" or something along those lines

Growing up I took human / Anthro as Zoo bc the furries would ALWAYS have animal penises
I always took it as true zoo tho looking back its not even close.
I have no idea where the first screenshot came from but ive only seen 1 true real thing of Zoo when I was around 12 and it fucked me up and i was grossed out.

Fun fact heres the text convo i had w/ Zilla
(The 2nd edited text I bolded dont when I shouldn't have and should have kept it the same. You can take it with a grain of salt but even if I did edit to something else wouldn't it also look bad on Zilla bc he literally just admitted to watching what I was talking about.)



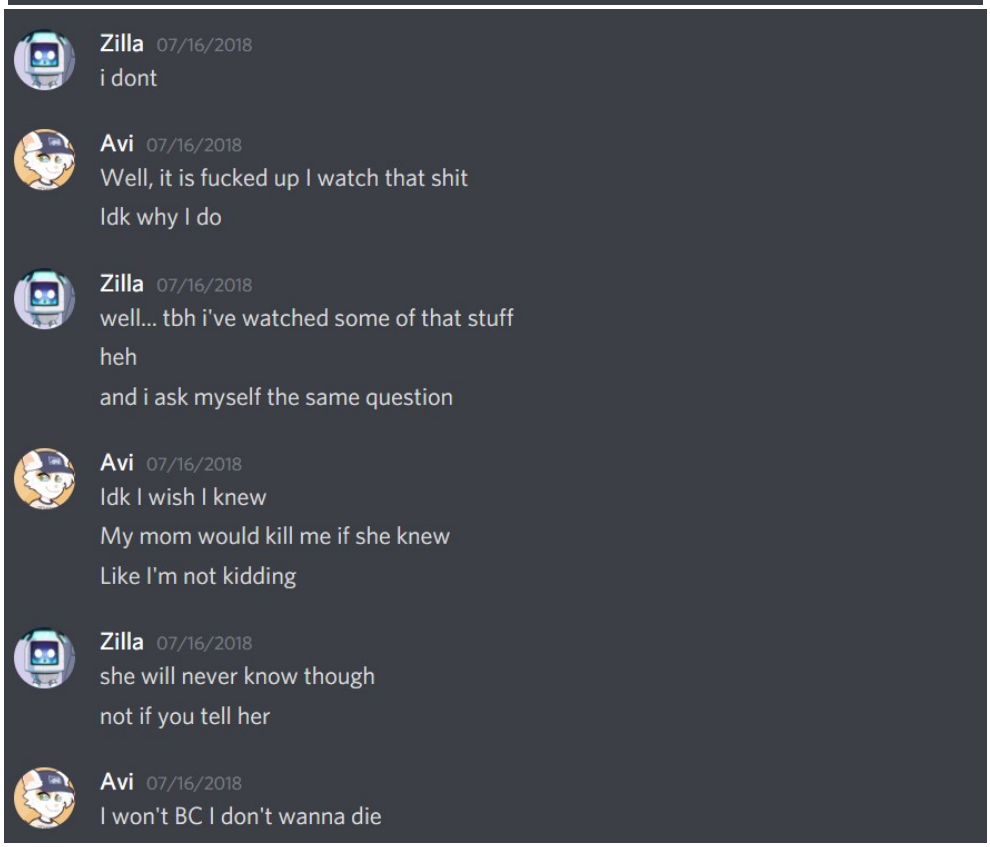
Avi 07/16/2018
About the animal thing, can I tell you a major secret that only Kobe knows BC its really fucked up and it might change the way you look at me.... You have to promise that if I tell you that you will swear to take it to your grave and never tell anyone. (edited)

Zilla 07/16/2018
you know me rickie
i wont tell anyone

Avi 07/16/2018
I sometimes get off to women having sex with furry dogs. No, **I don't** wanna fuck dog. Idk why I get off to it but I have since I was 13..... Its wrong but its my deepest darkest secret. (edited)
Yeah, you now probably see me as disgust now

Zilla 07/16/2018
i dont

Avi 07/16/2018
Well, it is fucked up I watch that shit
Idk why I do



Zilla 07/16/2018
i dont

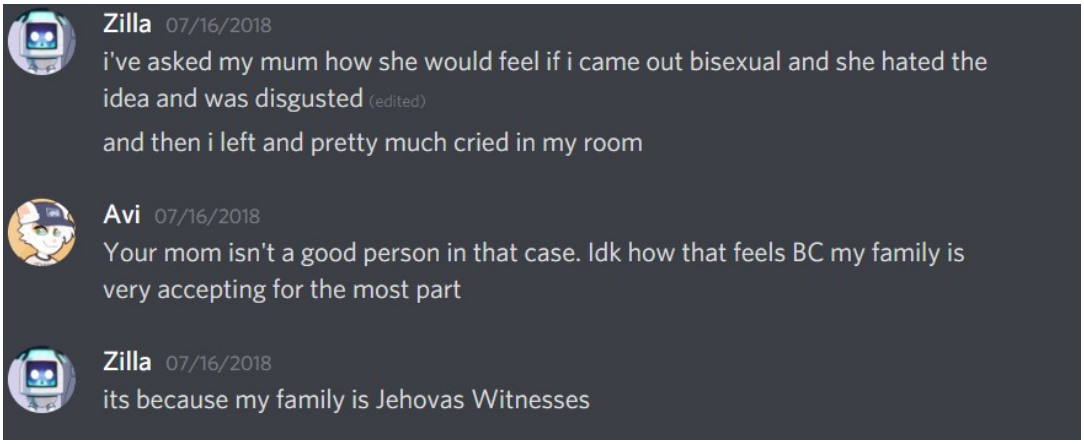
Avi 07/16/2018
Well, it is fucked up I watch that shit
Idk why I do

Zilla 07/16/2018
well... tbh i've watched some of that stuff
heh
and i ask myself the same question

Avi 07/16/2018
Idk I wish I knew
My mom would kill me if she knew
Like I'm not kidding

Zilla 07/16/2018
she will never know though
not if you tell her

Avi 07/16/2018
I won't BC I don't wanna die



Zilla 07/16/2018
i've asked my mum how she would feel if i came out bisexual and she hated the idea and was disgusted (edited)
and then i left and pretty much cried in my room
Avi 07/16/2018
Your mom isn't a good person in that case. Idk how that feels BC my family is very accepting for the most part
Zilla 07/16/2018
its because my family is Jehovas Witnesses

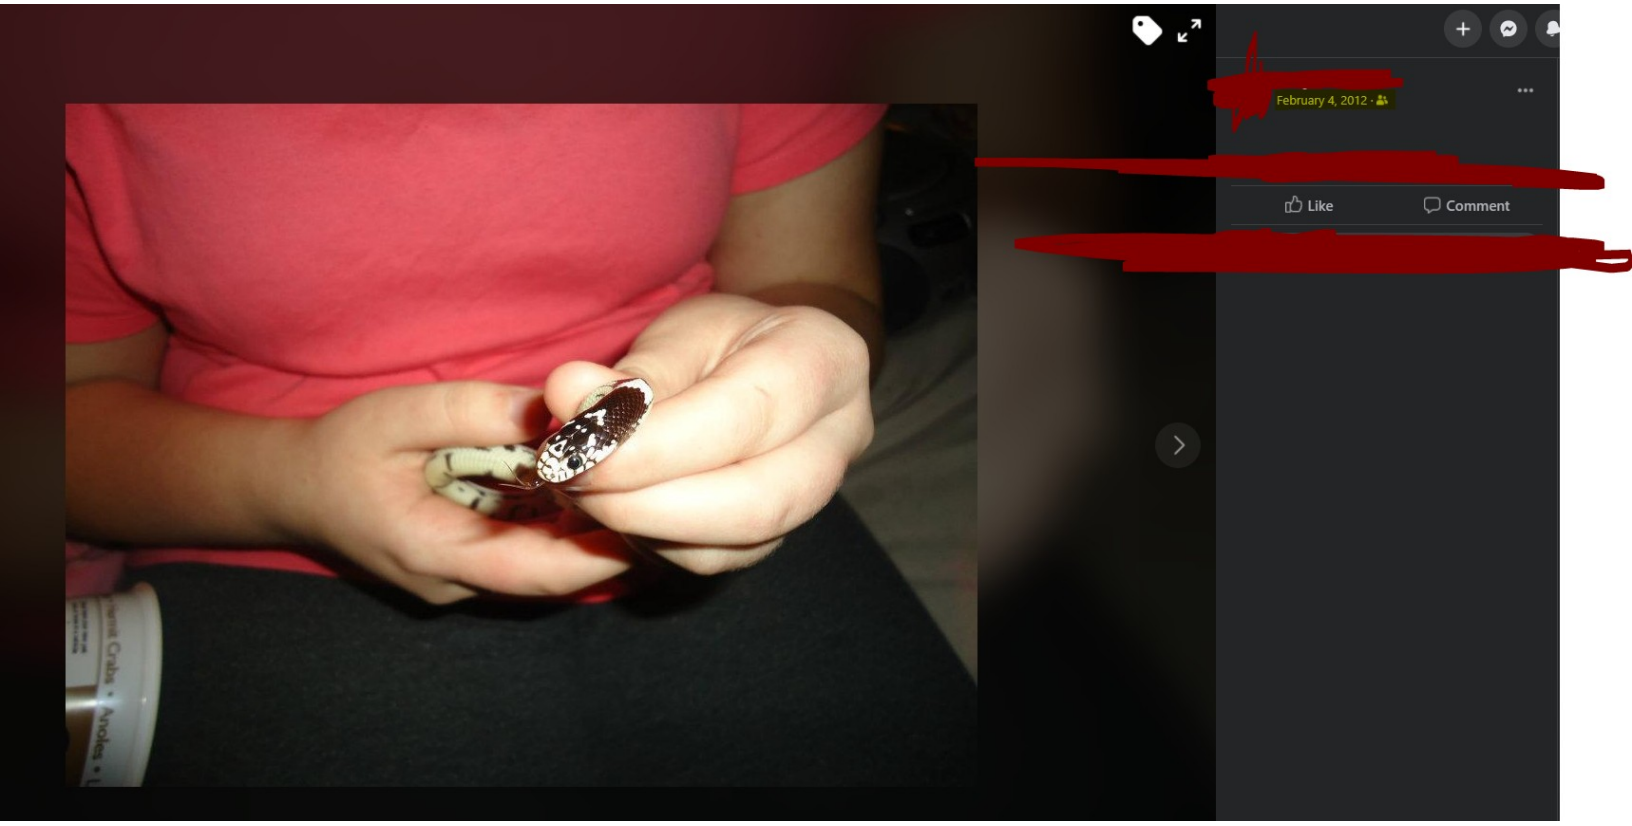
Feral porn (NSFW):
Using me drawing feral porn in the past as “proof” im a zoo is completely fucked up.

Let talk about this.
Tonic has drawn feral porn in the past (i know you tried to delete/hide but the way back machine is amazing)
Proof:
https://imgur.com/a/t2c0TK0
Wayback:
https://web.archive.org/web/*/https://twitter.com/nsfmidori*
Does this make Tonic also A Zoophile for also drawing Feral porn in their past?

I also have this screenshot that shows Tonics olddddd Porn acc. I remember an img that was just like: “when you fuck your dads guard” and it was also feral
https://imgur.com/a/ACQu8EN

TW ANIMAL ABUSE
So i wanna start off by saying in my last pinned tweet i was 8-9.Turns out I was wrong about this and i own up to it. I was 11-12.

Im not excusing my actions in any way as a preteen. Im not gonna lie I was a shitshow of a mess.
So for context we got a mouse who got preg and had babies, not long after i got my snake shown below.



I wanted my snake above to eat the mice bc they kept having more and more babes and i just wanted him to eat them bc that at the time was their purpose. I saw he didnt like them live and i didnt know how to do it humanely so my 11 year mind was like “this is a way to kill them”. I did what i did in the screenshot then tried to feed them to my snake with no success bc it turns out he only liked frozen mice. That was the 1 and only time ive ever did that tho i didnt understand why it was animal abuse at the time, looking back i can def see that it was.

The cat situation was out of morbid curiosity. We had a cat named Honey who sadly got hit by a car. My dad went to the back yard and dug her a grave. I was morbidly curious what her body looked like after 2- 3ish weeks so i started to dig her up but i was half way doing so dad caught on and I got grounded.

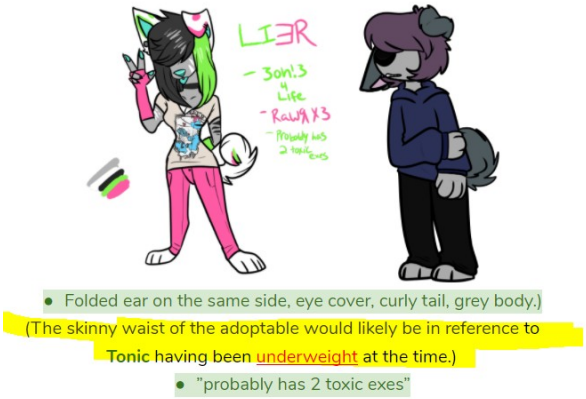
As a preteen, I was heavly curious about death but mostly death to myself and wanting to kill myself.

TW: EATING DISORDERS

Tonic brings up this alot in the doc that I was purposely making fun of Their Eating disorder due to how i use to draw bodies back then. As someone with an eating disorder, I would never attack you over your eating disorder.

The claim is i draw characters unhealthy thin that it was meant to attack Tonic. Id like to debunk this claim by showing you tons of art i made that have the same body type due to me sucking at art.

Skinny Art: https://imgur.com/a/gbBaBpp



LIER
- Folded ear on the same side, eye cover, curly tail, grey body.)
(The skinny waist of the adoptable would likely be in reference to Tonic having been underweight at the time.)
- "probably has 2 toxic exes"

The adopt above is not Rix at all and was based of of stereotypes

AGAIN, DO NOT based off of scene

Based off of this img: https://www.google.com/search?q=scenekids+toxic+exes&source=lnms&tbm=isch&sa=X&ved=2ahUKEwjDzf3jtM_sAhWfgnIEHSa4D8cQ_AUoAXoECA0QAw&biw=1745&bih=852#imgrc=chk3QSsrjHnjCM

Ill go more off about ocs later on but I wanted to get the one w/ the eating disorder out of the way first

RACIST SLURS

(+sexual joking)

This one a regret dearly bc I broke my own moral code all because I was mad at someone in a deleted server me, jojo, visk and zilla were all in. I was around people who used the N-word which includes Jojo.

RACIAL SLURS & TRANSPHOBIA

TW; Transphobia, Racist Slur (N word)
& R word as well.

This will be uncensored, so you see the message for what it is.
(The only edit is removing **Tonic**'s deadname. That doesn't need to be online.)

Avi 10/14/2017

I CANNOT excuse this action and tho I was 17, I will agree I should NOT be forgiven even if in the past and in the future I did not ever said the N-word. I will hold myself accountable.

THE R-WORD

I grew up saying this word alot to the point it still happens in a way to either say im stupid or a non-living object the r-word. Ive been working on this habit for a long time. For a long time I using the word so ignorantly and disrespectfully. My family members still use this word in all way and I will hold myself accountable for this also.
Back then I can agree I used it as an insult towards people, special needs or not.

I will not hide that i have said both words. There is no excuse to use either word w/ any context behind it.

Transphobic remarks

I 1000% agree with the screenshot that these are transphobic actions. No matter if you hate/dislike someone or if they have hurt you in the past, YOU HAVE NO RIGHT TO QUESTION IF SOMEONE IS TRANS OR NOT. I have said these things out of spite and anger. Though I was hurt by these people, I agree I do NOT have the right to poke holes in one's story. I'm not the person nor am I a mind reader. This was completely out of line for me to do especially being trans myself.

Self harm

I need to talk about my background a little but ill sum it up fast because that isnt the point of this Doc. All through out my life i have suffered w/ selfharm issues, when I learn I could get attention from it in the past I would sometimes play that card before I sought help at the start of 2020.

Jojo, Tonic.
You are not innocent of this act either

Tonic, You sent you friend(?) an img after you selfharmed with a pair of scissors after the breakup with RC .

Jojo: I vaguely remember the deviantart post but i do have other proof:
(imgs scribbled out the selfharm)
https://imgur.com/a/vGZV7Mx

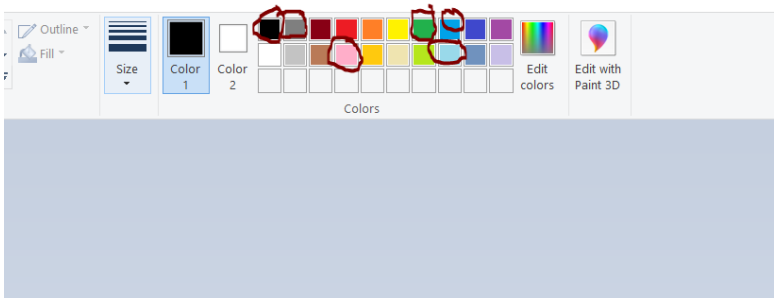
Dick pic situation:

Ive admitted to this so context tho it doesnt matter.
I dont clear my phone imgs at all. I was scrolling through my images back in feb-march trying to find fav pic of Salsa (unrelated but he's my bird) when I came across the img forgetting I even had a dick from my ex. I can admit It was wrong of me not only to find it funny but to show Jojo and my current partner. I have since deleted the img. I do wanna touch on this topic more below.

Other details that need address but are less important before i get into something serious:

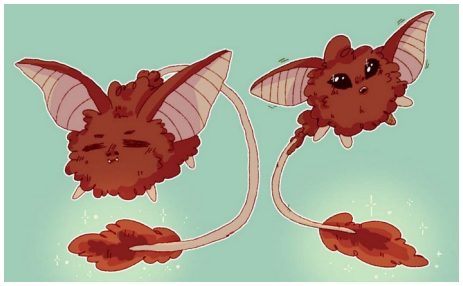
Cheating is something I already addressed in the past. Im not interested in this bc this is mostly irrelevant drama compared to my other shit.

I did not steal designs. Simple designs are exactly it. With bubble I was using MSPAINT to make her fun w/ my side project



Tonic, I was not thinking about your spouse AT ALL when making Bubble. I wanted a simple easy design to make 2012 themed animations.
https://www.youtube.com/channel/UCD7X2rdDZ09af1wGJiNMBeg

The bat and black cat are themed off of basic halloween concepts. Those ocs were made for me and my ex gf.
The other halloween bat you were mad about the tail, You do not own a tail concept just like I dont own a cat/snake concept that I use to call hissers.If you are gonna get made heres some more examples of who else you should get pissed about:



I might come back to the Tonic “drama” But i feel like there is no point to drag it on unless when i'm looking through old screenshots and I feel I need to update.
I WAS A SHITTY BITTER PERSON and i can admit to that full heartedly.

THE FOLLOWING DOES INCLUDE SOME SERIOUS SHIT.

Im not sure what to call this shit bc i was 17 and I was an overly sexual teen.
I will provide proof of my age sometime during this. I still dont know.

I wanna briefly mention in my OG callout post I stated why I called out Visk and Zilla and I held back alot.
I have alot of screenshots i need to go through on my phone when it comes to me and kobe’s fights , maybe ill update but thats not the topic I wanna focus on.

Kobe, My friend Gene called you out for drawing foot fetish art of characters who were minors.
Heres what I have from that convo bc idk where the rest of it went in our chats or if we talked about it in a call.
https://imgur.com/a/lKYTIbe
You met me when I was freshly 17, We got to know eachother and I lent on you for emotional support. I was in a relationship. I wasnt happy due to it starting up too

fast & on the day my grandpa died. We kept our relationship a secret until the day we finally said we were together.
(Will add on ss when I dig more)
I reread the messages for search for stuff and it really gives me off vibes.
You made a sexual joke about my then GF and I: https://imgur.com/a/zjs91Eu

You have told me when we started dating youve asked out jojo before you met me but she turned you down. May I remind you this, Jo is a year younger than me. I was barely 17 when we met , you just turned 20.

This is just personal feelings coming into play but while dating you kept downsizing my feelings and basically making me out to be crazy that you like joey.
You made me feel like you were using me to get to her and in a way you did. But during such time , you would make it out to where I was starting to believe you.

Everytime we fought, I believed you when you said you would try better to be honest and to be there for me but you legit did the total opposite.

But like I said , those are just emotions.
I did use sexting and sexual shit as a way to get your attention and as I stated it was fucked up.

Kobe, you legit knew my age, I told you what happened to me on day one , our first call , and I was led to believe I was safe with you. You knowingly still went after a relationship w/ me.
https://imgur.com/a/WYfEioS

Ill be adding more when i get the screenshot off my phone

Zilla,
Outta all the people in this, you are the one that honestly gets me and the one i still have trouble wrapping my head around.
I honestly did/do (to a point) care about you and enjoyed your company during the happy, friendly moments.
I still dont wanna believe what happened did happen.

Our calls and text were sexual and at the time believed to be consensual (Legally in the US, I couldn't consent to sending you or Kobe nudes :
https://www.shragerdefense.com/sexting-attorneys/
- https://www.criminaldefenselawyer.com/resources/teen-sexting-pennsylvania.htm)

IDK how to sum up what happened clearly but here:

Text to prove that Calls would last for days on end:
https://imgur.com/a/vz0xrAl

Proof of flirting and sexual talking:
https://imgur.com/a/8METxGP

Proof of lewd imgs / text (no pics- just text):
https://imgur.com/a/feS0Ni1

This is soft core porn that i scribbled out of myself but yeah:
https://imgur.com/a/KUOf6QC

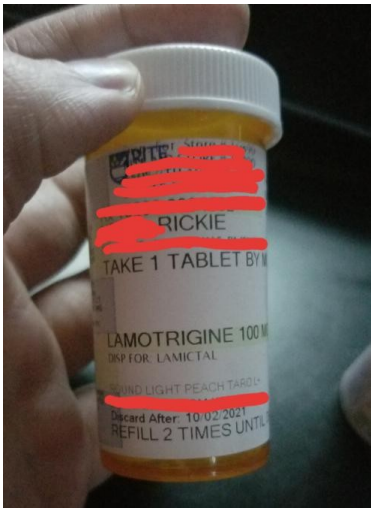
Zilla, In call i remember you saying how you wanted to get me pregnant and start a family with me. We would talk in detail of how it would be a struggle to raise a kid with you living in Australia and me in the USA.
Im honestly fucking hurt by all this.
Spite all this, I dont believe your goal was to set out and use me.
I don't think either of us thought about why it was wrong until after the "kick"

When I got with Jake he made me realize you both did something fucked up.
You both had the chance to say no, push me away, or do something.
I dont consider me a victim in any of this due to me being over sexual.
But when I say it fucked me up when it was all my fault i felt broken.

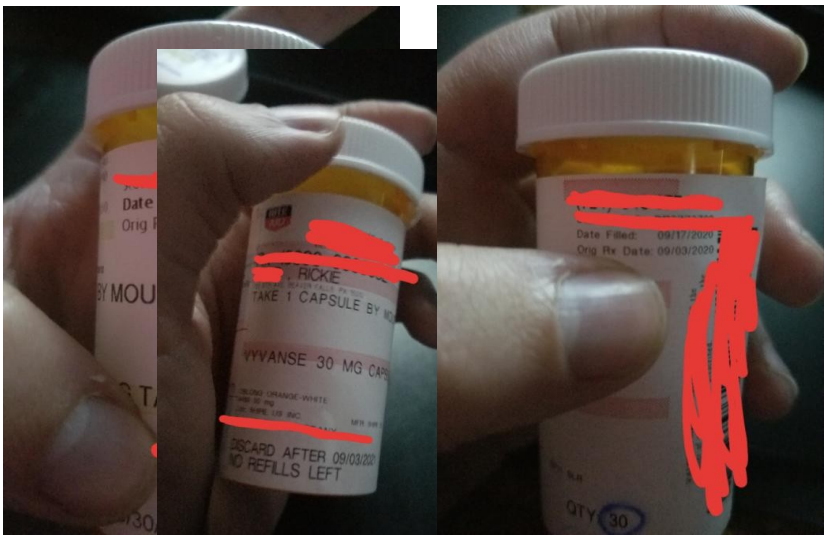
Other shit:

Stuff about me vent about Jo being abusive or jo in gen, Kobe agreeing:
https://imgur.com/a/Ikq3vOA

Other stuff just incase need it for some odd reason:



Proof im in therapy and am on meds for my BPD and B.E.D:



I did alot of stupid shit as a teen alot i agree i should and will be held accountable for.
Im honestly just tired and i have been avoiding them since my beware.

If i have more shit, I will add. I spent hours on this doc, my jaw hurt and im tired.

I legit only made this post bc you FALSELY accused me of being a Zoophile.
I can agree ive said transphobic shit, said the n-word and used the r-word.
Again, i just wanna be left alone. Im taking a break from the internet to reflect on the shit I did do.
Ill only update if i find more to add or something important was said OR if i feel i need to explain more or clarify more.

I know they spread their side to others, I have the right just like others to respond to the claims.
-Avi
